

The Association of the Austrian Chemical Industry,
after an audit by independent experts, grants to

DIC Performance Resins GmbH
Vienna

the right to use the international Responsible Care-Logo complying
with the rules set out by CEFIC for a period of three years.

The company name and site are listed
in the Austrian Directory of Certified Members.

Managing products, processes and plants,
the enterprise considers safety as well as the protection
of people and the environment as a primary concern.

Responsible Care

An Initiative for Health, Safety & Environment

Association of the Austrian Chemical Industry
